For: METHOD FOR MOULDING RADIUSED
BOTTOM CORNERS ON WOODEN OR SIMILAR
PANELS COATED WITH THERMOFORMED
POLYMER SHEETS AND PANELS OBTAINED
WITH THAT METHOD

DECISION

on RECONSIDERATION

This is a decision on applicant's "Response to Decision" filed in the United States Patent and Trademark Office (USPTO) on 11 June 2003, requesting reconsideration of the decision in the above referenced application mailed 30 May 2003.

Upon reconsideration of the decision of 30 May 2003, the declaration submitted on 18 September 2001 sufficiently identifies (1) the title of the invention which was on the specification as filed and (2) was accompanied by a cover letter accurately identifying the application for which it was intended by the application number and filing date. *See MPEP 602, pp. 600-30.* Thus, the declaration adequately identifies the specification to which it is directed and is in compliance with 37 CFR 1.497(a)(2) (which requires that the oath or declaration "identifies the specification to which it is directed"). The surcharge for filing the declaration after the thirty month period has been paid.

The application will be forwarded to the United States Designated/Elected Office for further processing. The 35 U.S.C. 371 date is 18 September 2001.
